PROFESSIONAL EXPERIENCE

UX/UI Designer & CRO — ILUNION Hotels

Sep 2024 - Present | Hospitality & eCommerce · Direct booking channel · 32 properties

Solo designer with end-to-end responsibility for the direct digital channel of a 32-property hotel chain. Full autonomy over the highest-revenue digital channel in the business.

- Conversion Rate Optimization (CRO): behavioral research, heat mapping (Microsoft Clarity), A/B testing hypothesis development and iterative design.
- Evolution and documentation of design system in Figma: defining patterns, tokens, components and usage guidelines with AI-supported requirements synthesis and technical documentation.
- UX audits and usability testing to identify friction points in the booking funnel; AI-assisted analysis for insight synthesis.
- WCAG 2.1 AA accessibility compliance across all digital touchpoints.
- Cross-functional collaboration with Marketing, Sales, BI and Web teams to align KPIs, priorities and roadmap.
- Adobe Analytics and behavioral data use for product, UX and business decisions.
- UX/UI for acquisition and retention campaigns; coordination with external agency and creative team.

UX/UI Designer — CEF Centro de Estudios Financieros

Jun 2024 - Sep 2024 | EdTech · B2B academic platform

Scoped project to redesign an EdTech platform that had grown incrementally without a coherent design system.

- Platform fully compliant with WCAG 2.1 AA: 47 components audited and corrected.
- Unified design system created from scratch in Figma with comprehensive AI-assisted documentation (requirements analysis, behavior synthesis, guidelines generation).
- 100% keyboard-accessible navigation with no mouse-only elements, deployed in production.
- Close collaboration with frontend from requirements through final handoff.

UX/UI Designer — We Are Actions

Jul 2020 - May 2024 | Digital consulting · B2B and SMEs · Multi-sector

Solo designer within a team of 7 backend engineers. End-to-end responsibility for digital product design in consulting and in-house development environments.

- UX/UI design of web platforms, CRM tools and internal products for hospitality, automotive and B2B services.
- Design systems created from scratch in Figma; HTML5, CSS3 and Bootstrap prototypes developed alongside the development team.
- Design Thinking application for problem definition and user-centered ideation.
- Agile Scrum methodology: sprint planning, reviews and retrospectives.

Graphic Designer (Internship) — AIMPLAS Plastics Technology Centre

2019 | R&D · Institutional communication

Visual identity design for R&D projects and communication materials for researchers, investors and general audiences.

EDUCATION

Digital Product Design & Frontend Development Bootcamp — Neoland

2024 · UX/UI, product thinking, HTML5, CSS3, Bootstrap, JavaScript and agile methodologies.

Master's Degree in Teacher Training — Universidad CEU San Pablo

2022-2023 · Completed while working 25h/week as UX/UI Designer.

Bachelor's Degree in Fine Arts — Universitat Politècnica de València

2016-2020 · Graphic design, web and interfaces.

SKILLS

UX / Research: Figma · Design Systems · Wireframing · Prototyping · User Research · Information Architecture · Heuristic Analysis · WCAG 2.1 · Accessibility · Usability

AI Tools & Workflow: ChatGPT · Claude · Gemini · Figma AI Features · AI-assisted research & synthesis · AI-supported documentation · Design exploration with AI

CRO / Analytics: A/B Testing · Adobe Analytics · Microsoft Clarity · AEM · UX Experimentation · Funnel Optimisation · Power BI

Frontend: HTML5 · CSS · Bootstrap · JavaScript · GitHub

Methodologies: Agile Scrum · Design Thinking · Stakeholder Management · Cross-functional collaboration · OKRs

Languages: Spanish (native) · Professional English (B2-C1)
