### PROFESSIONAL PROFILE

Product Designer with 4+ years of experience designing and optimising digital products with measurable business impact. Currently at ILUNION Hotels (32 hotels) as the sole end-to-end designer of the direct booking channel: I increased funnel conversion from **3.36% to 6.5%** (Q1 2026) and contributed to the direct channel reaching **13% of total company sales**. I work from behavioural data diagnosis (Adobe Analytics, Clarity) through to argued proposals presented directly to executive leadership, with no intermediary managers. Background in tourism eCommerce, EdTech and CRM/B2B tools.

### PROFESSIONAL EXPERIENCE

#### ILUNION Hotels | Tourism & eCommerce

Sep 2024 - Present

*Direct booking channel | 32 accessible hotels*

##### Product Designer | Direct Channel & CRO

*Sole designer with autonomous end-to-end ownership of the company's highest-revenue digital channel.*

- > **Booking funnel conversion: from 3.36% to 6.5% (Q1 2026), capturing 50%+ of UNICOS loyalty club conversions.**
- > **Direct channel reached 13% of total company sales (2024-2025), with active contribution to CRO, design and digital channel architecture.**
- > Booking engine redesign: strategic diagnosis identifying misalignment between business architecture and user intent; repositioned engine above-the-fold to convert high-intent traffic.
- > Behavioural analysis with Adobe Analytics and Microsoft Clarity to diagnose friction points and prioritise experiments by booking impact.
- > Proposals defended directly to the executive committee without intermediary managers. Cross-functional collaboration with Marketing, Commercial, BI and Engineering.

#### CEF - Centro de Estudios Financieros | EdTech

Jul - Sep 2024

*B2B academic platform | IT Department*

##### UX/UI Designer | Accessibility & Design System

*Platform redesign addressing accumulated technical debt with no underlying design system.*

- > **47 components audited: platform 100% WCAG 2.1 AA compliant in production.**
- > Unified Design System built from scratch: scalable component architecture reducing design time for future iterations.
- > 0 mouse-only elements: 100% keyboard-accessible navigation implemented in production.

#### We Are Actions (Actions) | Digital Agency

2020 - 2024

*B2B & SME projects | Hospitality, Automotive, Services*

##### Product Designer | UX/UI & Frontend

*Evolved from graphic designer to Product Designer with progressive ownership over digital projects.*

- > Designed interfaces for CRM and internal tools, collaborating directly within frontend development cycles (HTML5, CSS3, JS).
- > Digital projects for mid and large-sized companies: conceptualisation and evolution of client-facing and internal tools.
- > 10+ end-to-end digital identities with tangible business results for SME clients.
- > Progressive shift towards strategic UX: from visual outputs to conversion-oriented product solutions.

#### AIMPLAS - Plastics Technology Institute

2019

*R&D; | Institutional communication*

##### Graphic Designer | Internship

- > Visual identity design for R&D; projects and institutional communication for technical and general audiences.
