## PROFESSIONAL EXPERIENCE

### Digital Business Designer — ILUNION Hotels

Sep 2024 – Present | Tourism & eCommerce · Direct booking channel · 32 properties

Product design and CRO role. Sole designer with end-to-end responsibility for the direct digital channel of a 32-property hotel chain, focused on conversion, accessibility and cross-functional work.

- **Direct-channel conversion optimisation** (Adobe Analytics, Jan–May 2026) within a cross-functional AEM funnel initiative (booking engine + homepage recomposition); figures confidential
- Conversion rate optimisation (CRO): behavioural research, heatmaps (Microsoft Clarity), A/B testing hypothesis and iterative design
- UX audits and usability testing to identify friction across the booking funnel
- WCAG 2.1 AA criteria applied to the components I design
- Design system evolution and documentation in Figma
- Cross-functional collaboration with Marketing, Commercial, BI and Web teams to align KPIs, priorities and roadmap
- Adobe Analytics and behavioural data to support product, UX and business decisions
- UX/UI for acquisition and loyalty campaigns; coordination with external agency and creative team

### UX/UI Designer — CEF Centro de Estudios Financieros

Jun – Sep 2024 | EdTech · B2B Academic Platform

Defined-scope project redesigning an EdTech platform that had grown incrementally without a coherent design system.

- Audited 47 components and built 17 standardised ones, applying WCAG 2.1 AA criteria to the sign-in, academic planning and payment flows
- In-house payment gateway for online enrolment (accessible end-to-end payment flow)
- Unified design system built from scratch in Figma
- Visible focus and keyboard navigation specified in every component state
- Close collaboration with frontend developers from requirements to final handoff

### UX/UI Designer — We Are Actions

Jul 2020 – May 2024 | Digital consultancy · B2B & SME · Multi-sector

Sole designer within a team of 7 backend engineers. End-to-end responsibility for digital product design across consulting and in-house development environments.

- UX/UI design for web platforms, CRM tools and internal products across multiple sectors: hospitality, automotive, B2B services
- Design systems built from scratch in Figma; HTML5, CSS3 and Bootstrap prototypes developed alongside the dev team
- Design Thinking applied for problem framing and user-centred ideation
- Agile Scrum methodology: sprint planning, reviews and retrospectives
- Build vs. Buy proposal for internal IT operations: 56.5 h/month of friction quantified across 4 processes and mapped to 4 modules

### Graphic Designer (Internship) — AIMPLAS Plastics Technology Centre

2019 | R&D · Institutional Communication

Visual identity design for R&D projects and communication materials for researchers, investors and the general public.

## EDUCATION

### Bootcamp Digital Product Design & Frontend Development

Neoland · 2024

UX/UI, product thinking, HTML5, CSS3, Bootstrap, JavaScript, agile methodologies.

### Master's Degree in Secondary and Vocational Education

Universidad CEU San Pablo · 2022–2023

Completed alongside 25h/week role as UX/UI Designer at We Are Actions.

### Bachelor's Degree in Fine Arts — Graphic, Web and Interface Design

Universitat Politècnica de València · 2016–2020
